The Story of a Medicine.

Its name-"Golden Medical Discovery was suggested by one of its most important and valuable ingredients — Golden

Seal root. Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for

so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or billousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is hade from the most valuable medicinal rocks found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experist feathers and writers on Material Medical who recommend them as the very less renedies for the diseases for which "Golden Medical Discovery" is advised. All the book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will.

NEW STORY OF THE DELUGE. The discovery of a fragment of a guneiform tablet believed to be of the period 2100 B. C. bearing an account of the delage described in the Bible and agreeing with the parrative in Genesis, was reported at Philadelphia last night by Prof. L. V. Hilprecht at a gathering of friends of the University of Pennsylvania at the home of Provost Harrison.

This fragment, which has just been deciphered, was one of those excavated from the lowest strata of the oldest part of the rnins of the Temple Library of Nippur, and was brought to Philadelphia by the fourth expedition sent out by the University of Pennsylvania in 1899. It is of unbaked clay and measured 24 inches at it greatest width and 2; inches at its greatest length.

As translated by Professor Hilprecht the parrative contained on the tablet is

(I declare unto) thee that the confines of heaven I will loosen, a deluge I will make and it shall sweep away all men to gether; but thou (the Babylonian Noah) seek life before the deluge cometh forth for to all living beings, as many as there sre, I will bring overthrow, destruction annihilation. * * * Baild a great ship and * * * total height shall be its structure. It shall be a housebost carryinv what has been saved of life.

* * With a strong deck cover it. The ship which thou shalt make, irto it bring the beasts of the field, the birds of Heaven and the creeping things, two of everything instead of a number * *

and the family. * * *.

The Semitic dialect in the inscription and certain grammatical peculiarities of the text show, according to Professor Sillprecht, that it was written somet me between 2137 and 2005, B. C. The oldest tablet heretofore known containing on account of the flood was the "Layard Deluge Tablet," in the British Museum, but the later only deted from 650 B. C. The "Layard Tablet" agreed with the

details of the Biblical parrative in only a few particulars. It was a Pagan story of a deluge brought about at a council of the Gods who decided to destroy manual to the Gods who decided to destroy manual to the Gods who was moved to save his protege-the Nosh of the story-and sent a dream of warning on which this Noah acted. This god excused his betrayal of the secret to the other deities by the explanation that he had not told-he had only "wispered throngb the mat"-that is through the wall of the bouse on the other side of which his protege slept and to whom this dream was thus conveyed.

Chamberlsin's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curstive properties. Sold by W. F. Oreighton co and Richard Gibson.

MINISTER DISMISSED. Charged with conduct unbecoming minister of the Gaspel and the atditional charges of imprudence, false hood, fraud and embezz'ement, Rev. Obarles M. Baker, of St. Michaels, MJ. was yesterd y dismissed from the Wilmirgton Annual Conference, which is in its forty-second meeting in Salisbury, Md. This is the second time Mr Baker has been dismissed on similar charges. Four years ago charges were preferred against him which resulted in his dismissal after a long and tedicus trial before the conference. He was later reinstated by the judicial committes of the general conference and appointed to the charge at St. Michaele. Under the charge of unministerial conduct, it is said that Rev. Mr. Baker borrowed money, was negligent of his charge, preached such sermons as to bring scandal and distress upon the church, and that his conduct and transactions generally were unbecoming

to go to protest. It is said that he isaued sturious checks and failed to renew notes after he had given his promise to do so. As to the charge of embezzlement, is is reported that during 1908 GAZETTE BUILDING, 310 & 312 PRINCE and 1909 he collected \$332 for church work and that the money was never accounted for.

WOMAN SHOOTS IN HOTEL.

Although there was no apparent effort prosecute the case, Mrs. Mary E. Richardson was seat on to the Corporation Court by Police Justice Simmons in Norfolk yesterday morning to answer the charge of shooting at Mrs. W. H. Rich ardson in her room in the Victoria Ho tel early Thursday evening with inten to kill. The accused was held in \$500 for her appearance in the higher court on the first Monday in April, and the complainant was required to give bond in \$200 for her appearance at that time

It was evident that there was no desire to press the charge against Mrs. Mary E Richardson, tut the magistrate showed a determination to get at the bottom o the affair, and his searching question brough forth the statement from counsel for Mrs. W. H. Richardson that his client had instituted divorce proceedings against her husband Thursday afternoon and for that reason she was rejuctant to giving her testimony.

It was brought cut at the hearing tha the Mrs. Richardson who did the shooting had been stopping at the Victoria Hotel with W. H. Richardson as his wife since January 24, and that the secand Mrs. Richardson registered at the hotel last Wednesday morning as of New York. When the two women met ic the former's room the shooting followed, out Mrs. W. H. Richardson escaped in jury. After the bearing Mrs. Mary E Richardson said that the woman who case.
